Dear Mr. Gallo:

CALIFORNIA PUBLIC RECORDS ACT REQUEST

The Los Angeles District Attorney's Office (LADA) has reviewed your Public Records Act request received on February 9, 2016, wherein you requested:

"The GCBG requests all documents from the Glendale Police Chief, Robert Castro, or any other person from the Glendale Police Department, sent or received to and from any "Panel Member" conducting the December 2, 2015, oral interview as identified above. The documents are also to include any document that would be directed to persons that would normally receive correspondence on behalf of the above individuals such as, but not limited to, assistants or secretaries that might maintain the calendar or business affairs of such Panel Member. The documents are also to include any replies from the Panel Members or their assistants."

The Public Record Act referenced above, “requests all documents *from the Glendale Police Chief, Robert Castro, or any other person from the Glendale Police Department.....*” It was unclear whether the LADA received this letter as merely notice of the PRA sent to Glendale Police Department. Nonetheless, the LADA has no documents responsive to this request.

Very truly yours,

JACKIE LACEY
District Attorney
